

## Elementary School

**Career Days:** Explore a variety of career options as you participate in career days at school, in your community, and/or virtually. This is a great time to discover new possibilities for your future!

**Virtual Career Day:**

[tridenttech.edu/landing/careerdays.htm](http://tridenttech.edu/landing/careerdays.htm)

**Educator Shadow/Interview:** Shadow a teacher, administrator, or other student support staff (e.g., speech therapist, resource teacher, school counselor, school psychologist, etc.) to see “behind the scenes” and get hands-on experience as an educator.

**Reading Buddies:** Nothing is better than reading, except reading with a buddy! Find a buddy in your class/school to read with during your extra time at lunch, recess, before/after school!

**Community Engagement:** Sharpen your leadership skills and practice citizenship by getting involved in your community. Join a community sport, participate in a youth leadership program, or volunteer to serve the underprivileged during special holidays and events.

Visit the link below to explore games, videos, and to learn a little bit more about your responsibilities as a citizen and how your leadership may be used in the classroom:

**Peer Support:** Support your peers by serving as a(n):

- peer tutor (Help a peer with things you’re learning in class.)
- homework helper
- skill builder (Assist with daily life skills such as cutting with scissors, tying shoelaces, etc.)
- school ambassador (Create a friendly/safe school environment for new students and guests.)
- emotional support buddy (Provide a safe place for classmates to talk about their feelings; no bully/no judgment zone.)
